

Daryl & Marlene Bussert December Update

Month: December 2016

Missionary: Daryl and Marlene Bussert – JAARS/SIL International Aviation Safety

Location: JAARS, Waxhaw, NC

Praises

- Thank God for very good weather and contacts in November and the completion of a very positive year for the Missions At The Airport (MATA) program. Daryl was gone for 12 nights in the month flying the helicopter to New York and Florida. The school visits for almost two weeks in Florida were a highlight, taking speakers to Christian Schools and individually sharing about Bible translation and opportunities to serve our Lord.
- Thank God for a positive and successful trip to Africa for Jon Egeler doing the flight operations portion of the Aviation Safety Audit with AIM AIR in Nairobi, Kenya. He was able to accomplish the task there as well as attend an Aviation Safety Seminar in Dubai on the way back to Tennessee.
- Praise God for the opportunities to share with various organizations outside of JAARS as they request help in the areas of mission aviation safety. Glenn Grubb, our Deputy Director, brings a depth and passion for developing relevant technological tools in aviation safety tracking and promotion.

Requests

- Pray for Glenn Grubb as he makes a presentation at Liberty University in Lynchburg, VA the first of December. He has been asked to use his skills of extracting flight data from aircraft instruments that record data to give a visual depiction of what happened with a training event that got outside of desired parameters. Pray that this will be a great education event for both instructional staff and aviation students.
- Pray as Daryl deals with not only the routine duties as department manager, but also with the unexpected issues and challenges that come up. In December, some challenges will need to be addressed. Schedules and details for upcoming trips will also be on the agenda for December to Kenya, Peru, and Indonesia.
- Please pray that the time in December for both vacation and “compensation” time for being away from home so much in November will result in desired refocus and finishing tasks at home that have been deferred.

Thanks for being on the team,

“For the Word of God, and for the testimony of Jesus Christ” —Rev 1:9b
