

Daryl & Marlene Bussert March Update

Month: March 2018

Missionary: Daryl and Marlene Bussert – JAARS International Aviation Safety

Location: Staging from JAARS, Waxhaw, NC

Praises

- Praise God that the Supervisor Pilot Course was well received and successful. There was good two-way interaction in my sessions which helped clarify some concerns and challenges. Praise God for the great team of people He has provided worldwide.
- Praise God for the progress that is being made toward the Mission Aviation Forum now scheduled for 12 March here at JAARS. Praise God that the people we really wanted to have here are all planning to come.
- Praise God also for progress regarding the audit in PNG scheduled now during the week of 30 July to 3 August. We are very thankful to also have the majority of audit team members confirmed.

Requests

- Please pray for the pre-field orientation course that starts in March. Our department has several teaching sessions in March with these families that will start their first field assignments at the completion of the course in June. Pray that what we present will be appropriate, accepted and effective.
- Please pray for the Mission Aviation Forum. Pray as participants come from Canada, Alabama and here in North Carolina. Participant numbers by design are being kept low (less than 10) but these are highly experienced people in mission aviation operations worldwide. Pray that our time sharing challenges, successes and trends will result in relationships and actions that will meet changing demands and better stewardship with our God-given resources.
- Please continue to pray for the ongoing details of the PNG Audit in July - Aug. We are thankful and pleased with the progress of definition and team formation, but there are still many details to be decided and incorporated.

Thanks for being on the team,

“For the Word of God, and for the testimony of Jesus Christ” —Rev 1:9b
