Discussion Questions

1. How does the flood narrative display the different ways Christ provides for our salvation as our Prophet, Priest, and King?
2. As the people of God, like Noah and Adam, we are called to a kingly role in regard to creation. What are ways you can be a good steward over the resources God has entrusted to you?
3. Have you ever questioned God's goodness in your life? How did the Lord work to bring you through it?
4. What does it mean that God is sovereign, and his commands are intended so life might go well with us? What impact does this have on your daily life; the things which cause you worry; situations where you feel out of control?
